Research Question

Write your research question here.

Introduction

This should be a general summary of your annotated bibliography. Is there something that all of the authors agree on? Are there discrepancies? What are the general findings of your articles? Blah blah blah. Blah blah blah. Blah blah blah. Blah blah blah.

Author, I., Author, A.I., Author, I. (year). Title of the article: Subtitle. Title of the Journal, Volume, pp-pp. doi: 0000000.000000.0

Database name:

Provide a summary, the key points, of what the article is about. Is the article an original study, or is it a discussion article that reviews practices in the field? Did the authors discover something new? What do the results mean? Are the authors disputing something? Are the authors commenting on a particular aspect of the profession? Include a statement about the authority and credibility of the author(s) and the references. Is the author an academic(s)? Is the author an established practitioner(s)? Does the author mostly reference professional and scholarly journals? Include a statement why you chose
this article. How is the article relevant to your topic? Why did you select this particular article?
