Welcome to SearchPath, the Library's online research tutorial! SearchPath will teach you how to:

- Turn your research topic into an effective search
- Find the right resources for your assignments
- Cite your sources & avoid plagiarism

Here's how it works:

- SearchPath is composed of five learning modules.
- Each module contains short interactive videos and a separate 2-question Graded Quiz.
- You don't need to complete SearchPath all at one time. Just be sure you always save your graded quizzes!
